

What make you great, that's your idea. In the changing business, everything, we master and balance our resources in real-time. Why not ? We introduce a new decision - maker & controller assistant. This is the eRP packaged & customized system, all in one.

Lean Production:

- BOMR : bill of materials & routes
- MPS : master production scheduling
- LPS/JSS : line production scheduling/job shop scheduling
- MRP : materials requirement planning
- SCM : supply chain management
- IV : inventory
- TraceAbility: lot/batch control, FIFO, stock-aging
- OTD : on-time delivery

Manufacturing Accounting:

- CB : cash/bank
- AP : accounts payable
- AR : accounts receivable
- CS : costing & inventory system (standard vs actual)
- BA : budgeting vs actual
- FA : fixed asset

Human Resource planning

- HR : Human Resource
- TA : Time attendant
- PR : Payroll
